

## **The 2021 Annual Shipwrights' Lectures**

**1350 Wednesday 20 October at MAST Studios Southampton**

**The place to be!**

### **Sustainability & Innovation**

Each year international leaders from the marine industry are invited to inform and inspire young apprentices, shipwrights and graduates, and to highlight the opportunities and career paths available in this unique and dynamic UK sector world renowned for its contribution to international innovation and excellence.

The 2021 Lectures continue the trend as among this year's Key Speakers are:

**Sean McMillan, CEO & Head of Design, Spirit Yachts**

**Rodi Basso, Co-Founder & CEO UIM E1, Foiling Powerboat Racing**

**Pip Hare, Vendee Globe Competitor, Journalist and Author**

Year on year the number of female marine apprentices and graduates continues to grow. In recognition of this the Apprentices Session will feature four young women who will be discussing their careers so far and their aspirations for the future.

Matt Sheahan, MultiMedia Broadcaster and Journalist will Chair the "Sustainability & Innovation" Panel featuring Electric & Hybrid expert Jamie Marley.

Attendance is free. Register online by clicking on the following link:
