Dear Team at The Worshipful Company of Shipwrights,

Thank you for your recent email confirming your support again of the Sail Training Trust (STT, previously Portsmouth Sail Training Trust) – by way of a **£1500 grant**.

Your generous support will enable us to raise aspirations for disadvantaged young people.

Thank you so much!

Absolutely everything the Trust does is driven by our belief that all young people can excel and succeed in life and work. The Sail Training Trust (STT) seeks to reach these young people by providing professional training and qualifications that help them reach their potential and meet the employment demands of the maritime industry.

Nautical training is at the heart of STT. A combination of water-based and land-based training is used, enabling young people to achieve commercially recognised qualifications vital to their career prospects. Most importantly, the programme aims to raise young people's aspirations and develop their life skills, such as confidence, teamwork, problem solving, communication and leadership and improves physical and mental well-being.

The support we receive from organisations like yourself is vital to the continuation of STT. We truly appreciate your support.

You can watch this video [here](#) and find out more about what we do from our founding Trustee Ed Phillips.

Together, we can raise aspirations for the young people of the Sail Training Trust.

Thank you again for the second year of your generous support in funding our young people!

Kind regards,

Jacqui Greenhaf - Fundraising Officer - 07918 521 476 - jacqui@sailtrainingtrust.org
