Dear Richard,

On behalf of everyone at the Scouts we are delighted that the Trustees of The Worshipful Company of Shipwrights are continuing to support us with a grant of £4,000. I can confirm that we have safely received these funds which have been deposited in our accounts. I would be grateful if you could pass on our utmost thanks to the trustees for their generosity.

The support offered by The Worshipful Company of Shipwrights will enable us to provide grants to Scout Groups to contribute to the costs of permits and training for water-based activities.

Many of the applications that we receive are from communities that would not be able to access these opportunities. The training and permits not only benefit the young people of that group, but often the trained volunteers are also able to support other local groups who wish to give water based opportunities to the young people in their sections.

Over the next year we will write to let you and the Trustees know how your donation has supported Scouts and share some stories of the groups who have been able to access adventurous activities for the first time as a result.

Once again, many thanks for your support.

Yours sincerely,

Wendy May
